## **Old Business**

### **Foyer Photos**

~Michelle Black spoke briefly on how she tabled forming a committee because of Presidents Bowl and Homecoming. If you spoke to her about volunteering on this committee she will be reaching out real soon.

### **President's Bowl Recap**

~Kurt Brost recapped years Presidents Bowl and how it's very difficult to organize such a large event every year with a new team. Gregg Gohl and Kurt Brost have begun conversation with Becky Dorman and Casey Meile about hiring an Executive Director to assist in the coordination of Presidents Bowl every year. Becky and Casey would like the coordinator to not be a Sioux Falls district employee so this is a hurdle that we are trying to navigate. There was unequal involvement among the four High Schools, and he thanks LHS families for stepping up and making this years event such a success. Having the event stretched over two days this year was an experiment, and will not be recommended for 2022. Pre-ticket sales need to be more of a priority in the future with better tracking of pre-ticket sales to ensure each club is pre-selling tickets. LHS clubs did sell the most tickets pre-sale, but many tickets were still sold on the night of the event.

President Bowl committee collected \$109,500 in sponsors, sold \$8,347 in raffles and ticket sales brought in \$44,445. Corn hole was a financial wash. As of now Presidents Bowl made \$163,752 and we still have the basketball tourney left to host

## **New Business**

### **Training room whirlpool funds request**

~Will move this request to November when Joey is back.

### **Unified Branding**

~Brian Mulder reviewed how he discovered that LHS uses over 20 different logos. He has spoken to Dr Raeder and Joey Struwe about having a unified logo. Dr Radar is asking that a process be laid out for a final end product. Discussion took place on using the correct colors, hiring someone to create the logo, the need for consistency and how the Booster might play a part in making this switch.
